Author Index for Volume 14

A
Acevedo, M., 123
Ahrens, T., 85

B
Baldwin, D. R., 366
Baranowski, L., 298
Baumgartner, T. G., 130
Benard, J., 243
Bradfield, V., 271
Bullard, J., 345

C
Capka, M. B., 243
Carey, S., 243

D
Delisio, N., 228
Dugger, B., 41

F
Fontaine, P. J., 91
Frey, A. M., 315, 396

G
Goldman, T. A., 199

H
Hadaway, L. C., 46, 274
Hoff, S. T., 309
Homza, S. A., 37

J
Johnston, J. B., 13

K
Ketchum, K., 345
Koehler, L. C., 193
Korth-Bradley, J. M., 16

L
Larkin, M., 219
Lawson, M., 157
Lehmann, S., 406

M
Marks, D., 243
Marvin, P., 123
McKee, J., 387
Messina, M., 13
Moeser, L. C., 108
Morton, P. G., 181

N
Nyquist, J., 114

P
Patterson, A., 291
Poniatowski, B. C., 30

R
Rutherford, C., 163
Ryder, E., 372

S
St. Marie, B., 334
Scharnweber, K. S., 227
Senefeld, P., 291
Strumpfer, A. L., 261

T
Taswell, H. F., 193
Terry, J., 167
Thielen, J. B., 114

W
Weeks-Lozano, H., 249
Weilitz, P. B., 85
Wiersema, L., 85
Williamson, K. R., 193
Wilson, M., 243
Wolfram, C., 362

Subject Index

A
Access devices. *See Ports*
AIDS. *See HIV*
Air emoboli, preventing, in subclavian catheter removal, 114
Analgesia. *See Pain management*
Anaphylaxis, preventable complication of home infusion therapy, 108

B
Bar code system, to justify staffing for I.V. teams, 345
Blood salvage, intraoperative, program to ensure quality, 193
Book reviews, 137, 207, 281, 354

C
Catheter
  air emoboli, preventing, 114
  central venous
    erroneous laboratory values obtained from, 13
    infection rates with, 243
    nursing observations of, 243
    partial occlusion, 157
  elastomeric hydrogel, lower incidence of peripheral complications with, 261, 287 (erratum), 288 (letter)
  insertion, pain perception associated with, 85
  midline, new softening expanding model, performance in home therapy, 91
  Per Q Cath, clinical evaluation for pediatric and adult home therapy, 249
  subclavian, removal, nursing implications to prevent air emboli, 114
Chemotherapy, intraperitoneal, nursing perspectives, 309
Community intravenous therapy education, excellence in, 123
Credentialing, professional, benefits of, 362

D
Drug delivery systems, manual versus computer automated, 291
Drug monitoring, therapeutic pharmacokinetic primer for the intravenous nurse, 16

E
Education, community intravenous therapy, excellence in, 123
Electrolytes. *See also specific electrolytes*
  magnesium, calcium, and phosphorous, 167
Erythropoietin, a new frontier, 163
Ethics, Intravenous Code of, 120

G
Geriatric care, provision of intravenous therapy in a skilled nursing therapy, 366

H

Heparin, continuous home infusion therapy in ambulatory patients, 37
HIV
  in children, transmission, diagnosis, and treatment, S13
  the disease, demographics, devastation, S2
  medical, ethical, and legal issues, S30
  occupation transmission, education, treatment, and prevention, S8
  treatment modalities, S25
Home therapy
  anaphylaxis as preventable complication, 108
  elastomeric hydrogel catheters, lower incidence of peripheral complications with, 261, 287 (erratum), 288 (letter)
  heparin, continuous infusion therapy, 37
  Per Q Cath for, clinical evaluation, 249
  softening expanding midline catheter, performance of, 91

I

Immune system
  basic immune functions, 315
  immune function and nutrition, clinical role of intravenous nurse, 406
  immune globulin, intravenous administration, 396
Intravenous Nurses Society
  Executive Director's report, 219
  presidential address, 227
  presidential report, 228

L

Leukocyte removal, filtering out the confusion about leukocyte-poor blood components, 298

N

Narcotics infusions, changing scene, 334
Nutrition, and immune function, clinical role of intravenous nurse, 406

O

Opioids, continuous subcutaneous infusion for pain management, 30

P

Pain management
  continuous subcutaneous infusions for, 30
  narcotic infusions, changing scene, 334
  patient-controlled analgesia, 372
Pharmacokinetic primer for the intravenous nurse, 16
Ports, peripheral implantable, future dimensions in vascular access, 387
Potassium, serum levels, erroneous laboratory values obtained from central catheters, 13
Productivity, bar code systems justify staffing for I.V. teams, 345

R

Risk management, concepts and strategies, 199

S

Shared governance (nursing practice model), 41
Skilled nursing facility, provision of intravenous therapy in, 366
State boards of nursing, and issues of advanced practice, 274
State coalition councils, intravenous nursing involvement, 46

T

TDM. *See Drug monitoring, therapeutic*
Thiamine, what the practicing nurse should know, 130
Thrombolytic therapy, latest advances in, 181
Thrombotic thrombocytopenic purpura, 271
Transfusion, autologous intraoperative blood salvage, program to ensure quality, 193
